

Installation instructions

i

IP65

The diagram shows the unboxing of the luminaire, the removal of the mounting plate, and the final installation of the luminaire onto the mounting plate using a screw.

i

A hand is shown switching a circuit breaker to the 'OFF' position.

Tighten the O-hook fixing screw

L1=Brown
N=Blue
PE=Green-Yellow

- Warning**
- 1.The luminaire shall be installed by a qualified electrician and wired in accordance with the latest IEEE electrical regulations or the national requirements.
 - 2.Turn power off before inspection, installation or removal.
 - 3.The light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified person.
 - 4.If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
